WORK EXPERIENCE

Software Developer

Go Laundry

April 2020 - current / Doha, Qatar

- Created a web admin panel for an Online Laundry Pickup & Delivery Service with 100+ business customers to create, manage, and monitor deliveries using NextJs
- Worked on building new React components for the customer-facing web app

Frontend Developer

DIGITebl

December 2019 - April 2020 / Pune

- Worked within an agile team and helped prioritize and scope feature requests to ensure that the biggest impact features were worked on first
- Worked on building new Angular components for the customer-facing web app which improved the time on page for the average user by 2 minutes

Software Engineer Intern

ProT Systems PVT. LTD.

April 2019 - July 2019 / Ahemdabad

- In this Internship, I work on a live project(FitMix). Where I developed the front-end in Angular6/7 and back-end with node and MongoDB. And I also work on their Main Project(Perfeqta) where I work on API's.
